

St. Petersburg Jan. 25<sup>th</sup>  
Febr. 16<sup>th</sup> 1836.

F. E. L. Fischer

Dear Sir

LIBRARY  
NEW YORK  
BOTANICAL  
GARDEN.

You receive hereby the new catalogue of seeds of the Imperial botanic garden. Some weeks later You will receive a choice of such seeds for Your garden, as I think acceptable to You.

I remain most faithfully

Your most obed<sup>t</sup>

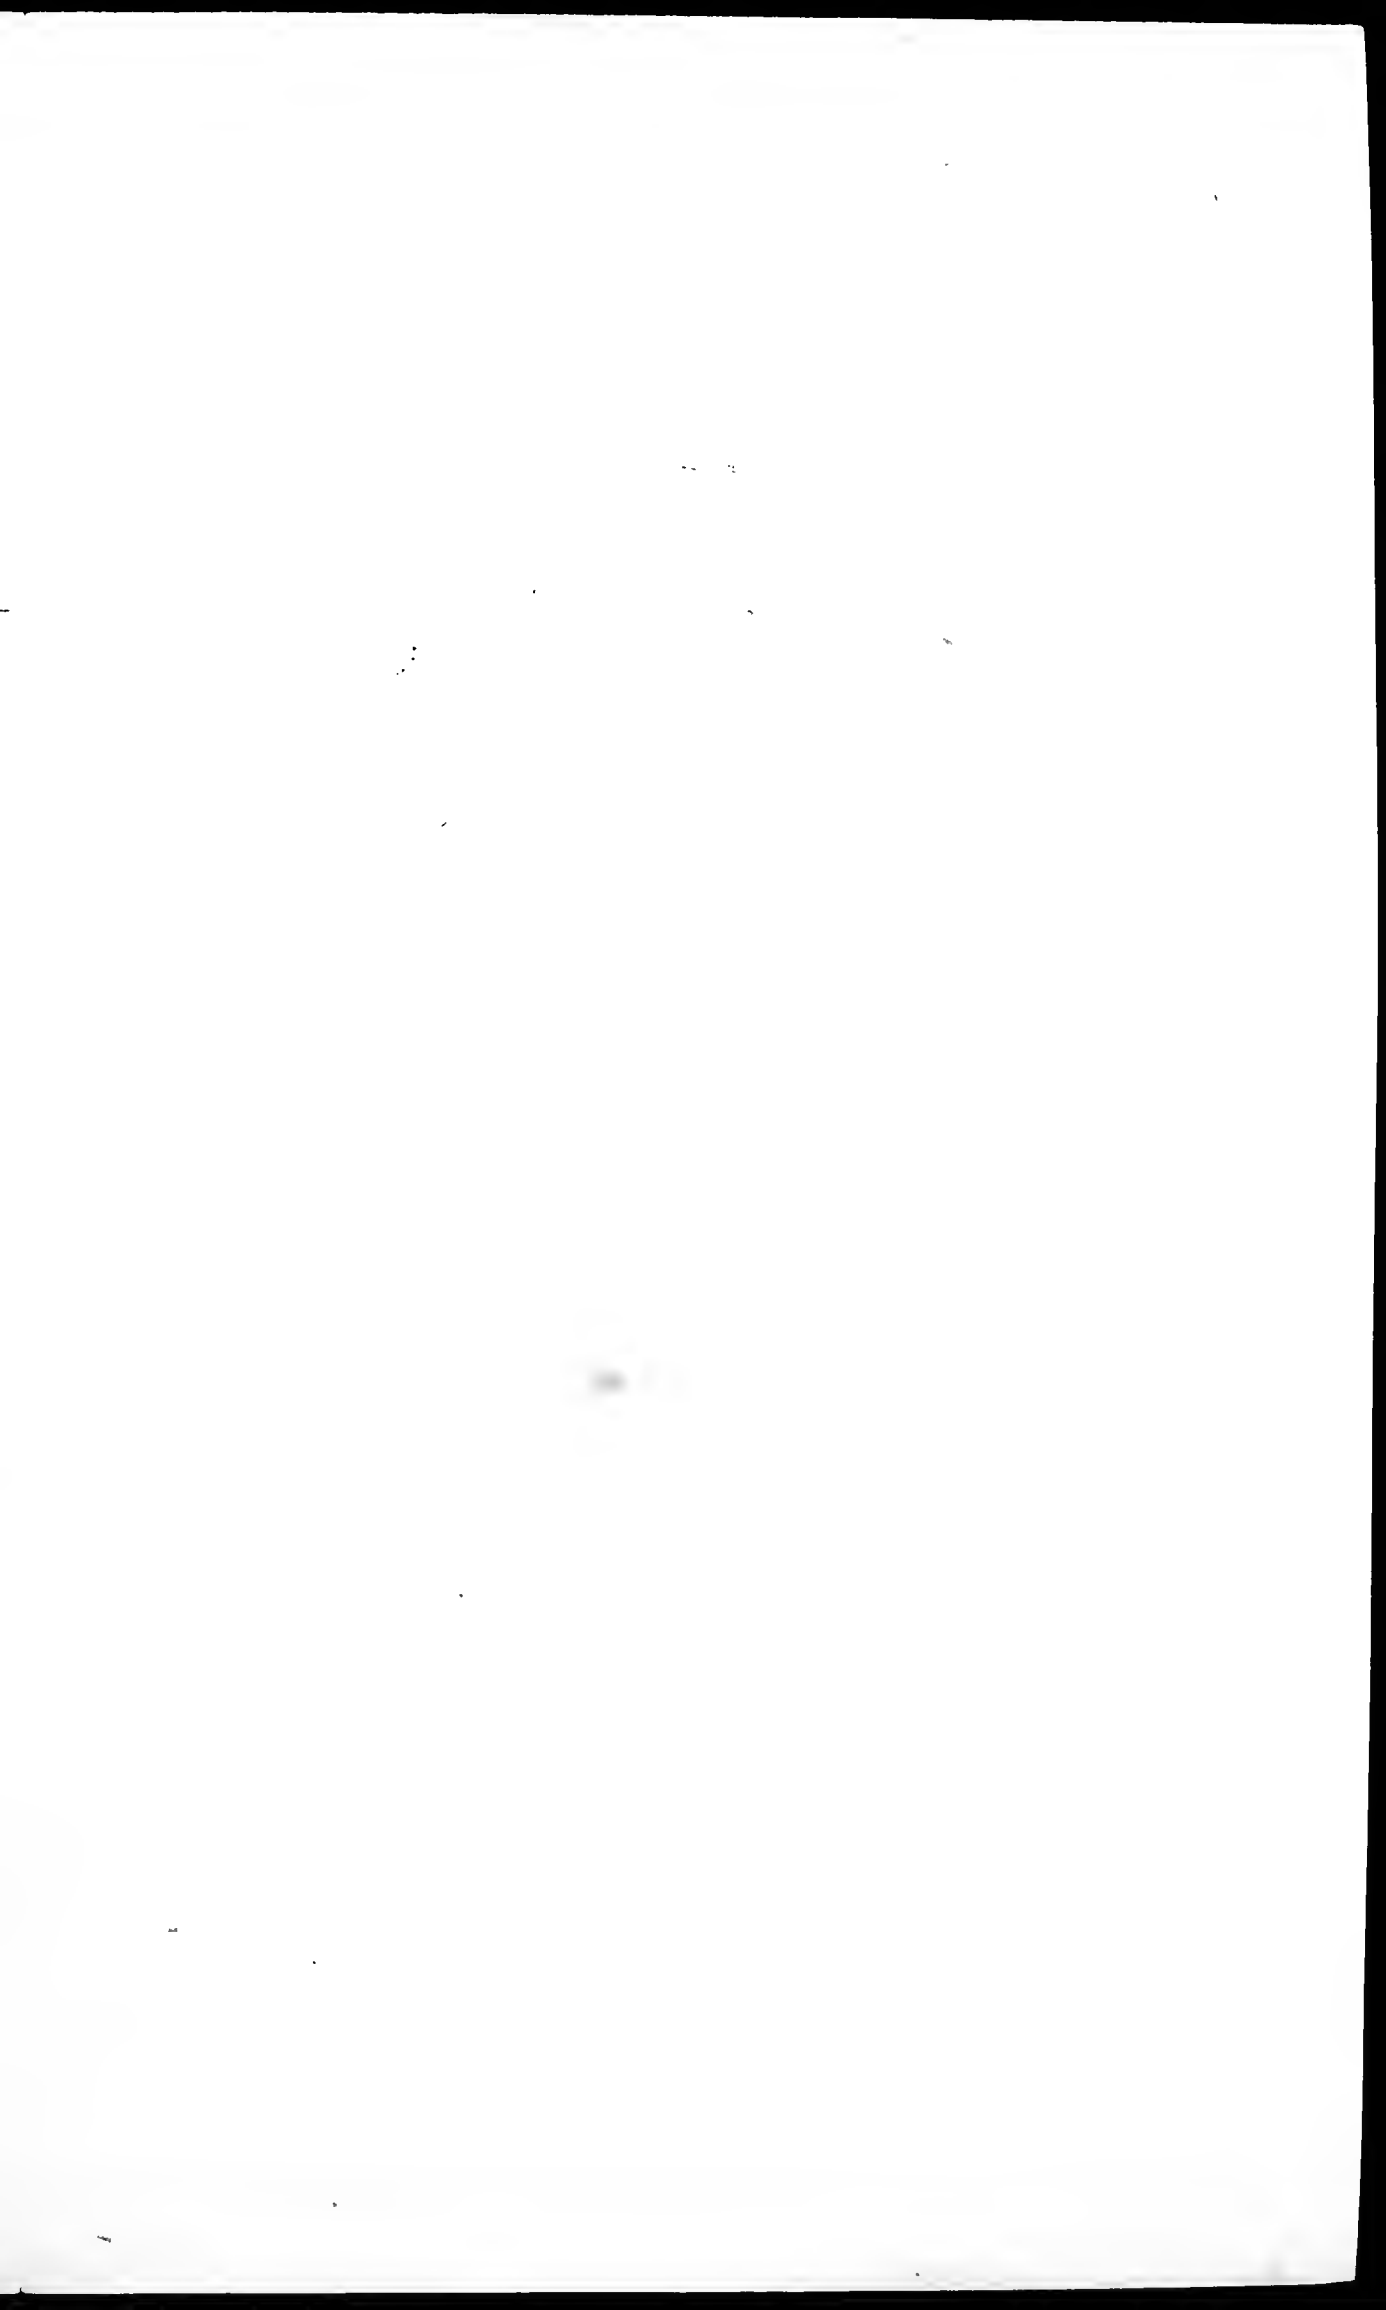

Given by A. M. VAIL,  
Dum D. Crocker Collection  
MAR 4 - 1907

P.S. May 20<sup>th</sup>

It has been impossible to dispatch  
catalogue seeds earlier than now;  
I hope you will find amongst the seeds  
some species worth your cultivation.  
I shall be happy to hear of you, & to  
know that you have received this post.

Let the specimens I sent to you last  
autumn, via Newburgh, by inter-  
course of the Council of the United  
States.

Your truly devoted  
W. H. Miller

Rec<sup>d</sup>. Nov. 1842.

(m. Handwritten exp. 1)

Peterburgh May 9/21 1842.

My dear Sir,

You find hereby a small parcel of seeds, a certain number of which is of new introduction and gathered by Dr. Schrenk in the Kirgheez territory. I delivered some months ago to the Minister of the United States, Mr. Todd a copy of the description of the new species collected by that traveller, which I hope you have already received. When Dr. Schrenk will be back from his travel I can get to the distribution of the duplicates of his Herbarium and I hope to be able to communicate to you a good number of them.

I remain most faithfully

Dear Sir

Your devoted serv<sup>t</sup>  
J. Hooker
